NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the three months ended 30 September 2020

1. CORPORATE INFORMATION

The Company was incorporated in the Cayman Islands on 16 May 2019 as an exempted company with limited liability under Companies Law Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The address of the Company's registered office is at Cricket Square, Hutchins Drive, PO Box 2681, Grand Cayman, KY1-1111, Cayman Islands.

The Company is an investment holding company. The Company and its subsidiaries (together, the "**Group**") principally engage in the manufacturing and retailing of bakery products and operation of restaurants.

Prior to the incorporation of the Company and the completion of a reorganisation (the "**Reorganisation**") in preparation for the listing of the Company's shares on GEM ("**GEM**") of The Stock Exchange of Hong Kong Limited ("the **Listing**"), the Group's business was operated by its subsidiaries incorporated in Singapore and Proofer Bakery & Pizzeria (collectively known as the "**Operating Companies**"), a sole proprietorship in Singapore, all of which were controlled by Goh Leong Heng Aris ("**Mr. Goh**") and Anita Chia Hee Mei ("**Mrs. Goh**") (together, the "**Goh Family**"). Upon completion of the Reorganisation on 24 April 2020, the Company became the holding company of the other companies comprising the Group.

The Company's shares have been listed on GEM since 18 May 2020.

The unaudited consolidated financial statements are presented in Singapore dollars ("**S\$**"), unless otherwise stated.

2. BASIS OF PREPARATION AND REORGANISATION

The unaudited consolidated financial statements for the three month ended 30 September 2020 have been prepared in accordance with International Financial Reporting Standards ("**IFRS**") issued by International Accounting Standards Board (the "**IASB**") and the disclosure requirements of the Hong Kong Companies Ordinance. The unaudited consolidated financial statements have been prepared under the historical cost convention.

Immediately prior to the Reorganisation, the Group's business was conducted through the Operating Companies. Pursuant to the Reorganisation, the Group's business was transferred to and held by the Company. The Company has not been involved in any other business prior to the Reorganisation and does not meet the definition of a business as defined under IFRS. The Reorganisation is merely a reorganisation of the Group's business with no change in management and the ultimate owners of the Group's business remain unchanged.

The Group resulting from the Reorganisation is therefore regarded as a continuation of the Group's business under the Operating Companies. Accordingly, the consolidated financial statements have been prepared and presented as a continuation of the Group's business as if the Group structure has existed as at 1 July 2018.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS*For the three months ended 30 September 2020***2. BASIS OF PREPARATION AND REORGANISATION** *(Continued)*

The unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial information for the year ended 30 June 2020 as set out in the annual report of the Company dated 30 September 2020 ("**Annual Report**").

The accounting policies used in the financial highlights for the three months ended 30 September 2020 are the same as those followed in the preparation of the Group's Annual Report.

3. REVENUE

The operating segments have been identified on the basis of internal management reports prepared in accordance with the Group's accounting policies. The executive directors of the Company have been identified as the chief operating decision maker ("**CODM**"). The CODM monitors the operating results of its segments separately for the purpose of making decisions about resource allocation and performance assessment.

The Group operates under three operating segments:

1. sale of bakery products — operation of retail bakery outlets;
2. operation of restaurants — operation of fast casual dining restaurants; and
3. Beverage kiosk

The CODM considers the business from a product perspective. They reviewed the qualitative factors such as business activities, economic and legal characteristics and quantitative factors such as financial performance to assess the performance of the operating segments. Revenue generated by the respective operating segments in the respective periods is as follows:

	Three months ended

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

We are a fast-growing multi-brand Singapore-based Food and Beverages (“F&B”) group that offers broad customer appeal. As at 30 September 2020, the Group has (i) 21 bakery outlets, 19 under the “Proofer” brand and two under the “300BC” brand; (ii) four Japanese fast casual dining restaurants under the “Yuba” brand; (iii) two Western fast casual dining restaurants under “Proofer” and “Laura” brands; and (iv) one beverage kiosk, all of which are in Singapore.

For the Period, the Group recorded net profit attributable to the equity holders of the Company of approximately S\$0.2 million, while for the three months ended 30 September 2019, the Group recorded net loss attributable to the equity holders of the Company of approximately S\$0.7 million.

OUTLOOK

The three months ended 30 September 2020 has produced less than desirable results due to the unforeseen Coronavirus outbreak, which had severely disrupted the local and international economies in unprecedented ways. Safe-distancing measures imposed by the Singapore Government had caused a drop in footfall in areas where our outlets are located at and hence, inevitably cause a decrease in revenue. The said measures have also caused delays in renovations of our new shops and hence, a disruption in our expansion plans.

With all the uncertainty arising from the outbreak of the Coronavirus, consumers are increasingly price-sensitive. To adapt to this trend, the Group has launched new products which are pocket-friendly but without any compromise on quality. In addition, as the health and safety of our customers is of utmost importance, we have placed more emphasis on online contactless delivery sales. Examples of initiatives would be the widening of offerings on these platforms and the launching of affordable bundle deals.

As the outbreak is slowly coming under control, the Singapore Government has been gradually easing its safe-distancing measures, and the Group promptly resumed its expansion plans. During the Period, the Group has completed renovations and began operations for four new outlets, three being bakeries under the “Proofer” brand and one under our new beverage kiosk concept.

The net proceeds from the Share Offer will provide financial resources to the Group to meet and achieve our business objectives and strategies which will further strengthen the Group’s market position in Singapore and Hong Kong. The Group is constantly seeking ways to enhance our operational efficiency and the profitability of our business. The Group will also proactively explore opportunities to expand our customer base and our market share which will boost value to our shareholders. The current financial year will be a year of recovery and aggressive expansions. The Group will also devote resources to improving the efficiency of our processes and through all these, enhance the value brought to our stakeholders.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

All of the Group's revenue was generated through our outlets. The number of outlets for the respective concepts as at the respective period-ends has been set out in the following table:

	Three months ended 30 September	
	2020	2019
Bakery outlets	21	18
Fast casual dining restaurants		
— Japanese	4	6
— Western	2	2
Beverage Kiosk	1	—
Total	28	26

Our revenue decreased by approximately S\$0.9 million, or 22.7% from approximately S\$4.0 million for the three months ended 30 September 2019 to S\$3.1 million for the Period. This decrease is largely due to the decrease in customer traffic, as a result of the Singapore Government's implementation of the numerous measures in relation to the Coronavirus outbreak.

The table below sets forth a breakdown of the Group's revenue generated by each concept and the percentage of revenue contribution of each concept to the Group's total revenue in each financial period:

	Three months ended 30 September			
	2020		2019	
	Total revenue S\$	% of total revenue %	Total revenue S\$	% of total revenue %
Bakery outlets	2,201,738	71.0	2,581,244	64.4
Fast casual dining restaurants				
— Japanese	555,136	17.9	992,040	24.7
— Western	320,981	10.4	436,803	10.9
Others	21,307	0.7	—	—
Total revenue	3,099,162	100.0	4,010,087	100.0

Other income

Other income recognised by the Group is made up almost entirely of government grants.

Our other income increased by approximately S\$0.3 million, or 1,012.2%, from S\$30,000 for the three months ended 30 September 2019 to approximately S\$0.3 million for the Period. This increase was due to additional grants provided by the Singapore Government during the Period, namely the Job Support Scheme ("JSS") and the foreign worker levy ("FWL") rebate, to assist companies in coping with the impacts of the Coronavirus outbreak.

MANAGEMENT DISCUSSION AND ANALYSIS

Other losses, net

Other losses, net consist of net foreign exchange losses. There is no significant variance in other losses, net comparing the three months ended 30 September 2019 and the Period.

Raw materials and consumables used

Raw materials and consumables mainly consist of (i) food ingredients and (ii) packaging materials.

There was a decrease in raw materials and consumables used by approximately S\$0.2 million, or 21.6% from approximately S\$0.9 million for the three months ended 30 September 2019 to S\$0.7 million of the Period. This decrease was in line with the decrease in revenue during the Period.

Employee benefit cost

Our employee benefit cost comprises (i) wages, salaries and allowances paid to our employees, including our Directors, managerial and operation staff; (ii) employer's contribution to defined contribution plans and (iii) levies on foreign workers and skills development imposed by the Singapore Government.

There was an increase in employee benefit cost by approximately S\$90,000, or 8.4% from approximately S\$1.1 million for the financial period ended 30 September 2019 to approximately S\$1.1 million for the Period. This increase was due to the increase in average headcount, in line with the increase in number of outlets across the two period.

Cost of leasing for our operations

Our cost of leasing for operations represented rental-related costs for leasing our outlets, head office, central kitchen premises and motor vehicles as shown in the following table:

	Three months ended 30 September	
	2020 S\$	2019 S\$
Expenses under short-term lease and variable lease payments	61,511	68,854
Depreciation of right-of-use assets	994,725	1,045,683
Interest expense on lease liabilities	221,642	282,377
Rent concessions	(421,776)	–
Total	856,102	1,328,129

There was a decrease in our cost of leasing for our operations by approximately S\$0.5 million, or 35.5%, from approximately S\$1.3 million for the three months ended 30 September 2019 to approximately S\$0.9 million for the Period. This decrease in cost of leasing for our operations was due to the rental relief framework implemented by the Singapore Government during the Period.

On 5 June 2020, the COVID-19 (Temporary Measures) (Amendment) Act (the "Act") was passed in Parliament by the Singapore Government. The Act provides a rental relief framework for Small and Medium Enterprises ("SME") and specified non-profit organisations (NPOs).

MANAGEMENT DISCUSSION AND ANALYSIS

Under the Act, SME and NPOs who are tenant-occupiers will enjoy up to four months of rental relief, subject to meeting certain qualifying conditions. The relief cover rental due from these eligible SME and NPOs for the months of April 2020 to July 2020, and landlords are obliged to provide the rent concessions to tenants who meet the eligibility conditions set forth under the Act.

The Group has applied the practical expedient to all qualifying COVID-19-related rent concessions. Rent concessions totalling S\$421,776 have been accounted for as negative variable lease payments and recognised in the unaudited consolidated statement of comprehensive income for the period ended 30 September 2020, with a corresponding adjustment to the lease liability.

Depreciation of plant and equipment

Depreciation expense arises from the systematic allocation of the costs, less respective residual value of our plant and equipment over their respective useful lives.

The depreciation expense incurred during the Period was S\$135,719 (three months ended 30 September 2019: S\$137,679).

There were no significant variances comparing the depreciation expense incurred during the Period and the three months ended 30 September 2019.

Other expenses

Our other expenses consist of other operating expenses such as utilities, delivery agent service charges, legal and professional fees, and other miscellaneous administrative expenses.

Other expenses incurred during the Period was S\$280,133 (three months ended 30 September 2019: S\$228,345).

The increase in other expenses for the Period was due to the professional services required after the Listing.

Income tax expense

Income tax is accrued using the tax rate that would be applicable to expected total annual profit or loss.

There were no significant variances comparing income tax incurred during the Period and the three months ended 30 September 2019.

Net profit/(loss) for the period

For the Period, the Group recorded net profit attributable to the equity holders of the Company of approximately S\$0.2 million, while for the three months ended 30 September 2019, the Group recorded net loss attributable to the equity holders of the Company of approximately S\$0.7 million. The Directors are of the view that the loss for the three months ended 30 September 2019 was primarily due to the non-recurring Listing Expenses amounting to approximately S\$0.9 million. Setting aside the Listing Expenses, the Group's adjusted profit for the three months ended 30 September 2020 would be approximately S\$0.2 million.

MANAGEMENT DISCUSSION AND ANALYSIS

DIVIDEND

The Board does not recommend the payment of dividend for the Period.
